

THE ALIKE RECONNECT

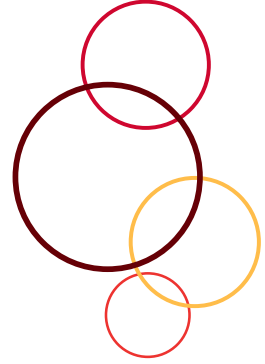

AUGUST 2018 | ISSUE 1 - NEWS LETTER OF ALIKE ALUMNI

"BEST GREEN SCHOOL"

Achievement is always connected with our actions. We prove it once again. It is with pleasure to unveil that Sri Sathya Loka Seva High School, Alike has been awarded as the "Best Green School" in Mangalore region. The award is for maintaining environmental sustainability which includes bio-diversity, a healthy and conducive atmosphere, efficient use of resources and waste management. It also encourages to enhance environmental awareness and develop eco-friendly attitudes. Our heartfelt gratitude to Chairman sir and the management for being very supportive. We appreciate the efforts of all the students who participated in executing this excellent work and the teachers who enforced those worthy plans to step into a more greener world.

Sarve Jana Sukhino Bhavanthu

CHAIRMAN'S DESK

Aum Sai Ram.

Its heartening to note an attempt has been made to reconnect with all our alumni through this newsletter. Through this, we will keep you informed with all the activities happening in our institution. We hope to make this a regular feature which will help us to realise the dreams of our Anna under the guidance of our dear Swami. I wish this communicate will go in a long way in building our relationship further.

U Gangadhar Bhat

AUM SAI RAM

Dear Sai Brothers & Sisters,

It has been our endeavor to look out for opportunities to give back to Alike, our beloved institution, which has given us so much in our lives. Alike alumni have always been doing their bit to the society in one way or other. Here is an opportunity for us to do something meaningful for our Alma mater. Alike needs our help to meet infrastructural needs to expand the Campus facilities. Efforts are already ongoing to increase infrastructural capabilities to cater to ever increasing demands of the aspiring students and parents to get value based education.

This year Balakuteera campus has been chosen as it needed an upgrade in its infrastructure for a long time. We have come up with a master plan to improve the Balakuteera campus which includes a new entrance/ approach road, a sewage treatment plant, expansion of dining hall by 100% and a comprehensive school building which will cater to the increasing demands of more than 150 admissions per year.

1) The work for a new approach road has already begun and is anticipated to be completed by June 1st, 2019.

2) The work for sewage treatment plant is yet to begin. The estimated cost is around 15 lakhs, which could cater to a student strength of 500. When completed, we could segregate the waste suitably and reuse for flushing toilet and also for gardening purposes. Planning for the STP is underway & is expected to be completed by June 1, 2019.

3) The major work for the Balakuteera campus campus will be a 31,500 sq feet building which will have 12 smart classrooms, 3 laboratories, 1 computer science lab, space for HM & staff, a 500 capacity prayer hall and a library with sports/ recreation room. This comprehensive structure will be a G+2 floor building with each floor having a 10500 sq ft area. All the floors will be completed by 2020. Planning has been completed and excavation work for foundation is underway. This, when completed in 2020, will allow for 150 more students per year. We plan to provide a covered dome in front which will facilitate for morning assembly and indoor games. The estimated cost for whole of this structure will be around 5 crores.

These are our plans for Alike this year.

You could think how you could help us in reaching our targets within the scheduled timeline. The main objective is to extend Swami's character building education to more and more students. The response from the alumni has been phenomenal for the appeal on social media which we launched last fortnight.

- 1) Some batches have decided to donate one classroom worth Rs.15 lakhs by end of 2018. We plan to have their batch group photo within the classroom as a token of appreciation for their efforts towards Alma mater. We are sure more batches will follow their lead.
- 2) Some planned to get raw materials viz cement & steel at a very reasonable price
- 3) Others have planned to give their time & energy in executing this work .
- 4) Few others are spending their time together during their weekends to mobilize their batch mates to join this venture.
- 5) Others with political and bureaucratic connection are trying their best to get funds from government agencies for the above project.

Now, it's up to you to think where you will fit in. It's all within us to decide whether to join or not in this endeavor to give access to value based education to more families in the coming years. Should you need any further information, please be free to contact any one of us or Whats app at 9448361244.

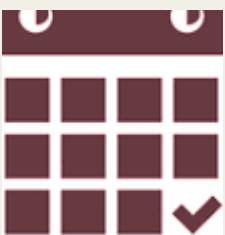

This is the time for Alike Alumni to join hands with the institution that has given us so much. It is our duty to stand up for the institution that has moulded us in so many different ways. The Alumni have to play a key role to keep Swami's mission for character building education going forward.
