Introduction

Sri Sathya Sai Loka Seva Educational Institutions are established by the divine blessings of Bhagawan Sri Sathya Sai Baba as well as the missionary zeal of the Late Rev. Madiyala Narayana Bhat, the founder president of the institutions.

For more than five decades, the institutions have grown into various branches known to impart **value-based education**. The cluster of schools run by the trust at present includes a fully residential CBSE School (class VI to X), a high school and a pre-university college affiliated to the Karnataka State Board with hostel facilities for boys. The hostels are run by Sri Sathya Sai Loka Seva Sangha (R), Alike. These hostels function according to the foundation of the **ancient 'Gurukula' system** of education with **modern academic facilities**. The main aim of the Institutions is to foster Indian culture and tradition in the minds of children along with scholastics.

The Institution is located at Alike village, 6 km away from Vittal town, in Dakshina Kannada district. It is surrounded by magnificent green hills with beautiful scenery and situated far away from the distractions of cities. The serene environment of the institution provides a conducive and favourable atmosphere for the students to pursue their studies.

Some unique features of the institution

- The motto of the institution is Atma Kalyana and Loka Kalyana. To attain this goal, education is imparted based on five fundamental universal human values - Sathya, Dharma, Shanthi, Prema and Ahimsa.
- All important national and religious festivals, and birthdays of great saints, patriots and religious leaders are celebrated.
- Faith in the fatherhood of God and the brotherhood of man is instilled through moral classes, prayers, bhajans, stories and parables drawn from different religions of the world.
- The students are taught to be self-reliant, active and practical, and are encouraged to develop a sense of social obligation and service-mindedness.
